

SNGRDC'S 2019

ENERGY IN SCHOOLS PROGRAM

What is the Energy in Schools Program?

Over the last few years, Six Nations of the Grand River Development Corporation (SNGRDC) has been engaging students from across Six Nations in conversations about renewable energy. Through interactive programming and activities such as our Solar Powered Boat Races, Public Energy Nights, and Energy in Schools Program, Six Nations youth are learning about how energy works, and sustainable energy production.

Free Family Fun Nights!

SNGRDC and **Elephant Thoughts** invites you to attend a **FREE Public Energy Night!**

The goal of the Energy Nights is to have families learn about renewable energy and be engaged with what their children are learning in school through numerous hands-on activities. Parents, children, and families will learn how energy works and the importance of generating renewable energy to fulfill our energy needs.

You're Invited!

APRIL

Tuesday April 30, 2019

Six Nations Community Hall
4PM - 7PM

30

MAY

Thursday May 2, 2019

Iroquois Lacrosse Arena
4PM - 7PM

About the Six Nations of the Grand River Development Corporation

SNGRDC manages the Six Nations' economic interests in 13 renewable energy projects and numerous economic development opportunities, in and around the Six Nations territory. SNGRDC's current green energy portfolio is capable of producing nearly 900 MW of renewable energy through its direct or indirect involvement in seven solar and six wind projects. SNGRDC employs over 130 employees through Nation Enterprise or the administration of Economic Interests projects with an additional 80+ indirect workers through our Joint Partnership - A6N Utilities.
