## The CEO's Corner

By Matt Jamieson

As Six Nations of the Grand River Development Corporation (SNGRDC) moves towards its 5th year of operation, I am extremely pleased and proud of our team for the growth we have achieved in such a short time. In 2018, SNGRDC was nationally recognized as one of Canada's Best Managed Companies, an accomplishment that would not have been possible without the dedication of the entire organization, from the Governance Group to our front line team members.

Further, as SNGRDC continues our pursuit of Autonomy 150 by 2025, we are excited to report the organization generated \$31M of Direct Economic Impact (DEI) in 2018-19 which represents 60% growth over the previous year. The DEI metric is the final measure of the Autonomy 150, and the SNGRDC management team is now focusing on planning to ensure SNGRDC has a clear path towards our autonomy goal. I strongly believe that the recognition and proven ability to complete projects, such as the Niagara Reinforcement Line (NRL), will be the catalysts through which we will achieve our mission of economic prosperity without compromise.

### Looking Forward: BATTERY ENERGY STORAGE SYSTEM

Resulting from Phase 3 of the NRL bundled solution (300 MW set-aside), SNGRDC will be looking to develop:

- ✓ A large utility-scale energy storage facility
- ✓ To enable the storage and resale of capacity, energy and ancillary services to increase efficiency of the grid
- ✓ Reducing energy curtailment currently experienced in our energy portfolio
- ✓ With a projected rate payer savings of \$500 Million over 20 years

I encourage you to review page 10 which further outlines our key strategic pillars to achieve Autonomy 150 by 2025.

Sincerely,

*Matt Jamieson*

Six Nations of the Grand River Development Corporation (SNGRDC) was launched in May 2015 with the mandate to achieve economic self-sufficiency for the people of the Six Nations of the Grand River. SNGRDC's sole shareholder is the Six Nations Elected Council (SNEC) on behalf of our beneficiary - the people of the Six Nations of the Grand River.

### MISSION

Six Nations of the Grand River Development Corporation (SNGRDC) is a community-owned development corporation which was designed to generate profit for the express purpose of investing in the existing and future needs of the Six Nations of the Grand River.

### VISION

Autonomy 150 by 2025.

Generate \$150 million annually in direct economic impact by the year 2025.

### MANDATE

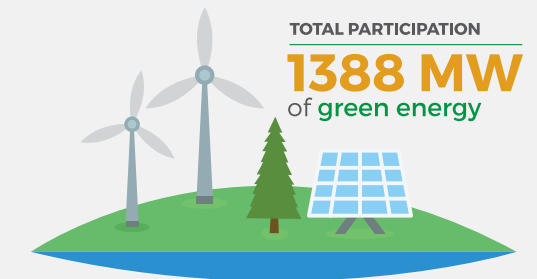

Achieve economic self-sufficiency for the people of Six Nations of the Grand River, without comprising the Community's Values.

### GUIDING PRINCIPLES

- Peace
- Respect for the Natural World
- Inter-connection & Inter-relation
- Future Members
- Honesty & Integrity
- Responsibility
- Openness & Accountability
- Sharing - Benefit for the Whole
- Balance & Cooperation

Six Nations of the Grand River Development Corporation (SNGRDC) manages economic interests on behalf of the Six Nations Community for a number of renewable energy projects surrounding the Six Nations territory.

As of September 2019, SNGRDC's current green energy portfolio is capable of **producing nearly 1400 MW of clean energy** through our involvement in 20 solar or wind projects either directly (Equity Interests) or indirectly (Community Benefit Agreements).

**SNGRDC employs over 130 staff** in the areas of Tourism, Bingo, Property Management, Human Resources, Finance, Business Development and Corporate Affairs.

**TIMELINE OF**  
**INCORPORATION**

"The Six Nations Elected Council (SNEC) recognized that economic independence is necessary to create and maintain a healthy and sustainable community. In March 2011, SNEC signalled their willingness to enter into a new understanding of success in the world of economic development by allowing the Economic Development department to operate an "arms length" community engagement project known as **Tewawennaro:rooks - We Gather Our Voices**".

The "We Gather Our Voices" project (WGOV) set out to gather the voices of community members to provide direction for the future of economic development at Six Nations. The final report "Wetewawennaro:roke - We Gathered Our Voices." became a foundational document for the development of Six Nations of the Grand River Development Corporation (SNGRDC) governance and community benefit structure.

**SUMMARY OF WGOV ENGAGEMENT**

**2013** Phase 1- Establish the Economic Development Corporation and Trust: Prepare the Charters for the Advisory Committee, Board of Directors and Board of Trustees, and submit for an Advanced Tax Ruling from Canada Revenue Agency

**2014** Phase 2- Create Interim Board of Directors: to prepare and approve the Charters, Bylaws, committees, compensation structure and eligibility of SNGRDC Group (Advisory Committee, Board of Directors, & Board of Trustees), approve staffing policy and procedures, oversee the transition of economic development staff and select SNGRDC Group members

**Jan 2015** Phase 3- Prepare for transition to SNGRDC: Staff of the Six Nations Economic Development Department are issued Letters of Notice of new employer- SNGRDC. Open call for Advisory Committee, Board of Directors and Economic Development Trust

**May 2015** Phase 4- Transition to SNGRDC: SNGRDC becomes operational. Staff from Economic Development Administration, Tourism, Bingo, Property Maintenance, Community Planning, Forestry and Our Sustenance, officially become SNGRDC employees. SNGRDC Group members are officially installed. The Department of Economic Development under the Six Nations Elected Council ceases to exist

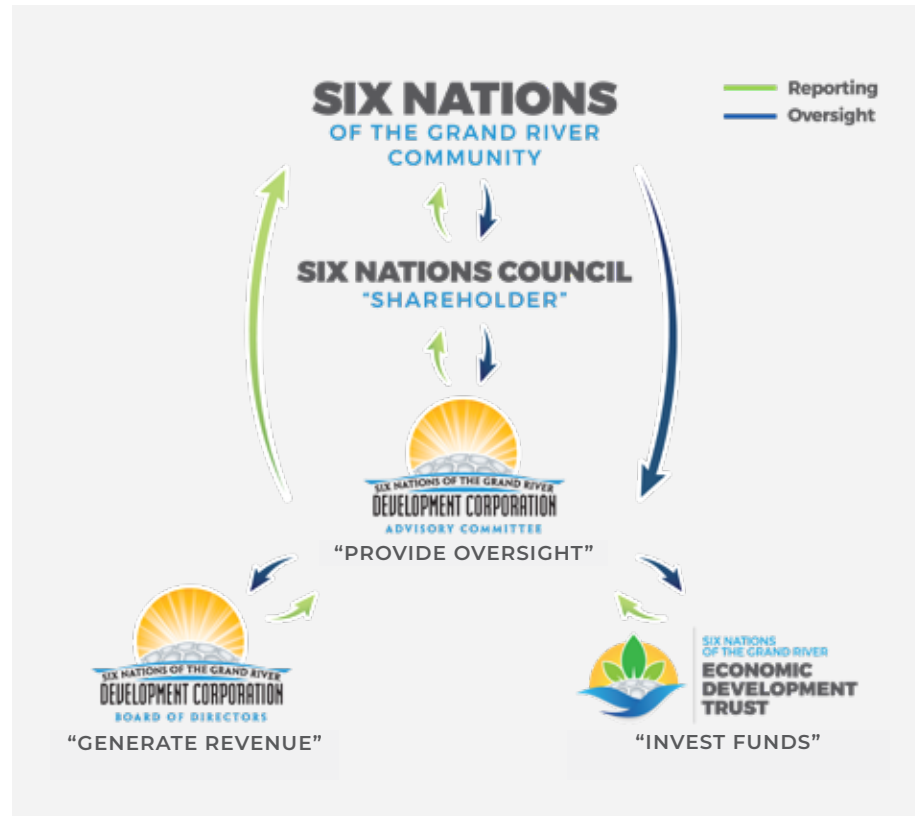

**Why did Six Nations Grand River Development Corporation separate from Six Nations Elected Council and Incorporate?**

- ONE** Separate Business from Politics
- TWO** Separate Economic Development Revenues from Own Source Revenue Calculation
- THREE** Enable Pursuit of Economic Opportunities Beyond Six Nations Borders
- FOUR** Create & Protect Tax Immunity
- FIVE** Organize Assets to Reduce Risk; Separate Holdings and Insulate Other Assets

# SNGRDC GOVERNANCE STRUCTURE

# SNGRDC ROLES AND RESPONSIBILITIES

The Six Nations of the Grand River Development Corporation Group (SNGRDC Group) is comprised of three governing boards: The Advisory Committee (AC), Board of Directors (BOD), and the Economic Development Trust's Board of Trustees (BOT).

The three boards were formed to ensure transparency and accountability to the Six Nations community. The structure of the Group is based on community recommendations made during the 5 month community engagement in 2011 entitled...

**Tewawennaró:roks - "We Gather Our Voices."**

## SNGRDC GROUP

All SNGRDC Group Members are required to be registered Six Nations Community Members, with the majority of members required to live on the Six Nations reserve. Group members serve three year terms (maximum two consecutive terms) and are provided with a small honorarium for their dedicated service to the Six Nations Community. The Advisory Committee is charged with the responsibility of ensuring that the SNGRDC Group maintains desired membership levels.

## SHAREHOLDER

SNGRDC's sole shareholder is the Six Nations Elected Council (SNEC), who holds this title on behalf of the Six Nations of the Grand River Community. This communication is coordinated through the Shareholder Representative (SNEC's Senior Administrative Officer). Shareholder also holds an ex-officio seat on the SNGRDC's Advisory Committee (reserved for the Elected Chief) and is the landlord for all on-reserve assets managed by SNGRDC.

- ✓ Ensure that all departments operate within the guidelines set out in the Statement of Economic Development Principles and the Statement of Community Needs and Priorities established by the Advisory Committee
- ✓ Supervise the management of SNGRDC investments and assets
- ✓ Report and be accountable to the Advisory Committee on SNGRDC's investments, annual business plans and the results of all operations
- ✓ Approve the annual business plan and budgets for SNGRDC and all associated entities

For a current listing of Governance Group Members and Board of Director Member Bios, please visit [www.sndevcorp.ca/board-of-directors/](http://www.sndevcorp.ca/board-of-directors/)

- ✓ Protect the interests of the Six Nations community by ensuring the pursuit of economic development opportunities is undertaken in a socially responsible manner
- ✓ Oversee the Board of Directors and the Economic Development Trust
- ✓ Vet, select and appoint the directors of the Corporation, Members of the Advisory Committee and trustees of the Economic Development Trust
- ✓ Determine annual revenue distribution (how much will be transferred to the Economic Development Trust for community investment and how much will be retained by the Board of Directors to be reinvested into future projects)

For a current listing of Governance Group Members and Advisory Committee Member Bios, please visit [www.sndevcorp.ca/advisory-committee/](http://www.sndevcorp.ca/advisory-committee/)

- ✓ Receive, review and score all completed Economic Development Trust (EDT) applications
- ✓ Determine the EDT guidelines for community investment
- ✓ Determine how EDT funds will be reinvested into the community in accordance with the Statement of Community Needs and Priorities and the Statement of Economic Development Trust Distribution Guidelines established by the Advisory Committee

# SNRDC COMMUNITY BENEFIT STRUCTURE - EDT

#SixNationsEDT

The Six Nations of the Grand River Economic Development Trust (EDT) is an application based, community investment trust available to groups who address community priorities within Six Nations.

The EDT is the mechanism, in which surplus profits generated by the Six Nations of the Grand River Development Corporation (SNRDC), are invested into the Six Nations community for the collective benefit of its members. This model of community investment was a direct result of the 2011 community engagement study, **"We Gather Our Voices."**

The Economic Development Trust (EDT) offers two application streams for the community investment:  
**General Application** is for organizations that have regular employees, a Board of Directors and audited financial statements.

**Grassroots Application** is for established volunteer groups or organizations that do not have regular employees, would not have a registered board of directors, and may not have audited financials to provide.

**TOTAL COMMUNITY  
INVESTMENT OF  
\$10.8 MILLION**  
SINCE 2016

**\$3.5 MILLION** invested in 2016  
**\$1.5 MILLION** invested in 2017  
**\$1.7 MILLION** invested in 2018  
**\$2.5 MILLION** invested in 2019  
**\$1.4 MILLION** invested in 2020

# SNGRDC WILDLY IMPORTANT GOAL (WIG)

In 2017, SNGRDC's management embraced the Wildly Important Goal (WIG) of generating a direct economic impact of \$150,000,000 per annum by the year 2025.

**A Wildly Important Goal or WIG<sup>1</sup>** is a singular focused goal held to a higher importance above all other goals (known as the war). This is the goal that matters the most and failure to achieve it will make other goals seem secondary. Every measurement to achieve the goal is considered a battle.

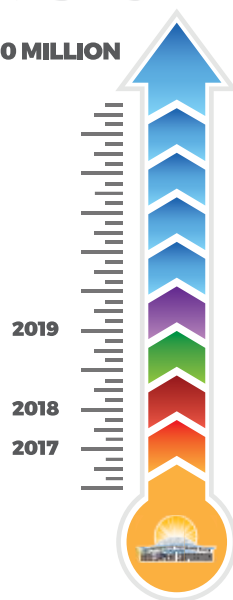

**Direct Economic Impact or DEI** is used as a performance indicator for SNGRDC. It consists of various financial drivers that are able to generate a direct economic impact within the Six Nations community.

<sup>1</sup>The Four Disciplines of Execution

**GENERATE A DIRECT ECONOMIC  
IMPACT OF \$150,000,000 PER  
ANNUM BY THE YEAR 2025**

AUTONOMY

\$150 MILLION

This WIG is intended to be transformative for Six Nations – empowering future leaders the ability to manage our community affairs independently without support/influence from any external government(s). Our path to achieving this WIG is through four core areas:

### NATION ENTERPRISE

Where SNGRDC expands their current on-reserve portfolio; seek to develop new on-reserve opportunities.

### GROWTH OF HUMAN CAPITAL

Where SNGRDC directs investment to attract, retain and train the best candidates to promote innovation and knowledge acquisition.

### JOINT VENTURES & PARTNERSHIPS

Where SNGRDC initiates a campaign focused on attracting the best most suitable business partners by leveraging our reputation, experience, and success; seek out partnerships and opportunities wherever they exist.

### REAL ESTATE INVESTMENT & PROPERTY DEVELOPMENT

Where SNGRDC deploys capital to acquire land whereupon vertical investment opportunity exists by leveraging available capacity and skill set(s).

**The total DEI for the year ending 2019 is \$31 million, which represents 60% growth.**

These figures are calculated as follows:

	2017	2018	2019
Profit before distributions	\$5,410,809	\$5,778,798	\$5,460,793
Payroll - 80% factor*	\$6,018,469	\$7,759,561	\$12,940,080

# SNGRDC PORTFOLIO

The Six Nations of the Grand River Development Corporation (SNGRDC) has a unique business model, typically, 'for-profit' corporations are focused on increasing Shareholder value, whereas not-for-profit (NPO) entities focus on creating value for a specific mission or cause. When viewed holistically, the efforts of the SNGRDC Group are NPO orientated as economic returns flow to the community as a beneficiary and not directly to the Shareholder.

SNGRDC generates revenue for the Six Nations of the Grand River through three portfolio streams: **Joint Partnership**, **Nation Enterprise**, and **Economic Interest**.

### JOINT PARTNERSHIPS

Joint Partnerships are businesses in which Six Nations of the Grand River Development Corporation (SNGRDC) partners with an established Industry leader.

### NATION ENTERPRISE

Nation Enterprises includes all on-reserve assets and departments managed by the Six Nations of the Grand River Development Corporation (SNGRDC). These properties are leased from Six Nations Elected Council (SNEC) through a Management Agreement.

### ECONOMIC INTERESTS

Economic Interests are off-reserve investments managed by the Six Nations of the Grand River Development Corporation (SNGRDC).

As of September 2019, SNGRDC's current green energy portfolio is capable of producing nearly 1400 MW of clean energy through our involvement in 20 solar or wind projects either directly (Equity Investments) or indirectly (Community Benefit Agreements).

In addition, SNGRDC holds a 25% equity stake in the Niagara Reinforcement Line (NRL) which is a 76 KM Transmission Line connecting the Allansburgs Transformer Station to the Middleport Transformer Station.

## HOW ARE SNGRDC PROFITS INVESTED BACK INTO THE COLLECTIVE BENEFIT OF THE SIX NATIONS COMMUNITY?

Annual distributions to the Economic Development Trust (EDT)

Capital investment into existing SNGRDC Nation Enterprises, or development of new assets

Direct equity investment in strategic opportunities that align with SNGRDC's values

A6N is a Joint Venture between Six Nations of the Grand River Development Corporation (51% ownership) and Aecon Group Inc. (49% ownership). The company performs utility related work in southwestern Ontario, specifically within the Haldimand Tract; an area of historical significance to the people of Six Nations.

**CHIEFSWOOD**

Surrounded by the Carolinian Forest, along the banks of the Grand River, Chiefswood National Historic Site (CNHS) is an eye-opening glimpse into 19th century life seen through the eyes of a young Mohawk and English poetess, E. Pauline Johnson.

**"A Place Where Cultures Meet."**

The mansion features two front doors— one facing the river to welcome Haudenosaunee who arrived by canoe, and one facing the road to welcome the English who arrived by buggy. The two doors are living symbols of mixing cultures.

This unique mansion is the birthplace of famed Mohawk-English poetess Pauline Johnson. The Mansion was constructed by her father Chief George Johnson in 1856 along the shores of the Grand River.

**THE COLLECTION**

**Porcupine Quill Table:** Given to Emily as a wedding gift, it was the most Native inspired decoration the Johnson family had in their house.

**Personal Invitation:** Invitation from the Governor General and the Countess of Aberdeen to Pauline Johnson for lunch.

**Books:** These books are just some of the collection that the children of the house used to learn.

**Family Furniture:** In the drawing room you can find this Victorian Style furniture which represent British Culture.

The collection is periodically rotated between our off-site storage facility and inside the museum so that guests have an opportunity to see something different every time they visit.

Her Majesty's Royal Chapel of the Mohawks (Mohawk Chapel) was the first Protestant Church in Upper Canada and is now the oldest surviving church in Ontario. Mohawk Chapel is the last remaining building of the original Mohawk Village that was once situated along the banks of the Grand River.

**"Visit one of the oldest buildings in Canada!"**

Mohawk Chapel offers Curriculum based education programs to groups, schools, and visiting organizations. The Workshops are designed to work with the teachers to enhance the First Nations, Metis, and Inuit Education Policy Framework programming which reflect the goals of the Ontario Curriculum. Through hands on, interactive lessons, targeting various learning styles, students will explore the history of Six Nations of the Grand River territory.

# SNGRDC SIX NATIONS COMMUNITY PLAN

The Six Nations Community Plan is a “living document” that reflects the values, vision and direction of the community and charts a path to social, environmental and economic sustainability.

The Community Plan can be used to empower each other through collaboration, and mobilize resources to reach collective community goals for current and future generations. The document highlights 8 broad priorities:

## SNGRDC AND THE COMMUNITY PLAN

The need for a community-owned development corporation was identified in the 2010 Six Nations Community Plan. Six Nations of the Grand River Development Corporation was launched in May 2015. The administration and on-going maintenance of the Six Nations Community Plan is financially sponsored by the Six Nations of the Grand River Development Corporation and used by the Six Nations of the Grand River Economic Development Trust to help score annual applications.

## COMMUNITY PLAN 2019 UPDATE

The Community Plan Team engaged the Six Nations community between April 2018 – March 2019 to seek feedback for the 2019 Community Plan update. Each of the seven original priorities were individually engaged on for a period of 6 weeks, with the goal to create different starting points of conversation and ensure key community issues were considered from a variety of perspectives.

# SNGRDC SIX NATIONS ENERGY PLAN

## WHAT IS A COMMUNITY ENERGY PLAN?

A Community Energy Plan is a comprehensive long-term planning tool that can be used as a starting point to identify goals for energy management on Six Nations.

The Six Nations Energy Projects Manager is working with Public Works on implementing various energy conservation measures for Band buildings, such as LED upgrades and solar panel installation. The Elementary School Outreach Program was launched in Spring 2018 with the intent to be held annually. Community energy information and awareness will continue to be delivered to the community throughout the year.

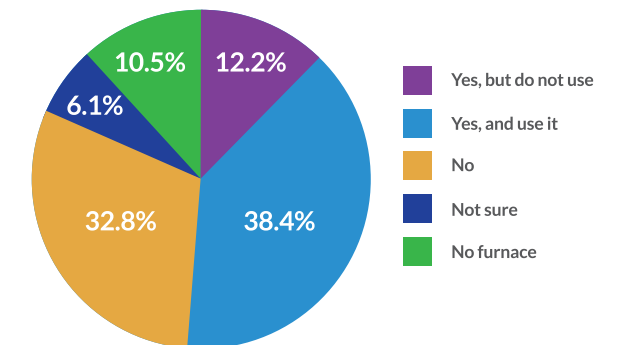

The Energy Projects Manager represents Six Nations all new energy related developments happening in and around Six Nations Territory such as the Niagara Reinforcement Project and the Nanticoke Solar Limited Partnership projects.

Six Nations Future is an online platform used to share proposed project information with the Six Nations of the Grand River Community and aims to provide a detailed and unbiased presentation of projects under consideration.

Six Nations Future was established with CAP in response to the growing number of development projects happening in and around the Six Nations territory. The Six Nations Future platform is meant to engage Six Nations of the Grand River Community Members through transparent and accountable knowledge sharing, while encouraging members to submit their questions and opinions on proposed projects. All feedback received within the engagement timeline will be included in the project's final report and published to the Six Nations Future Platform as a matter of historical record. Partnering with SNGRDC does not eliminate a developers duty to consult within the Six Nations Community.

The SN Future Platform is a shared resources between the Consultation and Accommodations Process Team (CAP Team) and SNGRDC. The CAP Team was established and authorized by the Six Nations Elected Council (SNEC) to carry out the process of consultation and accommodation on behalf of Six Nations of the Grand River (SNGR) in accordance with the Consultation & Accommodation Policy.
